 4. Beispiel

Apache Foundation

Basis: Cordova

Modularität

Cordova /Phonegap

The screenshot shows the Apache Cordova Plugins Registry website. The header features the Apache Cordova logo and the text "PLUGINS REGISTRY". The main content area has a large banner with the text "Discover plugins for your Apache Cordova project." and a search bar. To the right of the banner is a lightbulb icon. Below the banner, there are two main sections: "Contribute" and "Utilize". The "Contribute" section includes the text "Want to author & publish plugins?" and a link to "Please read our docs". The "Utilize" section includes the text "Need to install or remove a plugin?" and a link to "Check the documentation". Below these sections, there are two columns: "Most Downloaded" and "Last Updated". The "Most Downloaded" column shows a list of plugins with their names and download counts. The "Last Updated" column shows a list of plugins with their names and update times. At the bottom of the page, there is a footer with the text "Plugin Registry Issue Tracker" and "Apache Cordova Home".
